The lead agency for this proposal has determined that it does not have a probably significant adverse impact on the environment, in that the TIP by itself does not authorize projects to move forward, nor does it provide funding for any projects on the list. Funding occurs for individual projects and programs that are approved and funded through the City's biennial budget process. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of the completed environmental checklist on file with the lead agency. This information is available at the website listed above, as well as upon request.
