

City of Sammamish

REQUEST FOR QUALIFICATIONS

The City of Sammamish Department of Public Works is soliciting interest from firms with expertise in Civil and Environmental Engineering, Land Surveying, Planning, Design and Construction for the following project.

Louis Thompson Tightline, from 205th Ave NE to 210th PI SE

The work to be performed by the consultant consists of preliminary engineering and project planning, environmental review and permitting, right-of-way acquisition, and preparing final plans, specifications, reports, and cost estimates for the installation of a stormwater tightline and non-motorized improvements on approximately 0.61 miles of Louis Thompson Hill Road.

Detailed information can be found in the Request for Qualifications package available through Sammamish's project webpage at www.sammamish.us/louisthompson. If you are unable to obtain the RFQ package from the webpage listed above, please contact Ben Ressler by e-mail at the contact information below. **Proposals will be accepted until 4:00 PM PDT on September 16, 2021.**

Please direct any questions concerning this Request for Qualifications (RFQ) to the Public Works Project Manager listed in the RFQ. Proposing firms may submit written questions as outlined in the RFQ to the Project Manager at any time prior to the date in the Proposed Timeline. Any oral communications will be considered unofficial and non-binding on the City. Consultants are expected to visit the City's website for responses to questions and addenda.

The City reserves the right to amend the terms of this RFQ, to circulate various addenda, or to withdraw the RFQ at any time, regardless of how much time and effort consultants have spent on their responses.
