### Comprehensive Athletic Field Study

City of Sammamish Department of Parks and Recreation  
Sammamish, Washington

### Request for Proposals Questions & Answers as of March 27, 2018

- 1) Has a study ever been done before - and if so, by whom and is it available?

***No, a comprehensive Athletic Field Study has not been completed before. In the Fall of 2010 there was an RFQ released for an Athletic Field Study, but a consultant was not selected and the project was never completed. There is some field study information available in the 2012 Parks, Recreation and Open Space Plan.***

- 2) Do you have an organized field user group or an advisory group to work with?

***No.***

- 3) Who on staff would be your lead person or client?

***The Parks & Recreation Director, Angie Feser, is the project manager for this study.***

- 4) What is your schedule and budget?

***Ideally, the City would prefer completion of the study by late summer. The project budget is \$40,000.***

- 5) Do you have an RFP with more detail than what is listed on your website?

***The RFP is at the bottom of the Press Release found here <https://www.sammamish.us/news-events/current-news?id=48900> (It was not attached when first released on the website)***
