June 4

[Council Regular Meeting](#)

Knock, knock.

Who's there?

Nuisance.

Nuisance who?

What's nuisance last week?

Well...

The City has Updated Development Regulations!

On May 7 the City Council voted 6-0 (one Council member was out of the country) to adopt new Development Regulations under Ordinance [O2019-482](#). **The new Development Regulations became effective on May 15, 2019.**

<https://www.sammamish.us/permits-regulations/permit-center/updated-development-regulations/>

Your City Council Voted on Transportation Concurrency!

On Thursday, May 23, the City Council voted to adopt an Ordinance to amend Chapters 14A.05, 14A.10 and 21A.15 of the Sammamish Municipal Code. This made permanent the transportation concurrency Level of Service (LOS) standards for arterial roads, which was enacted in November 2018 on an emergency basis. The new standards establish the arterial road segment and corridor LOS' as the volume to capacity (V/C) ratios of up to and including 1.4 for segments and 1.1 for corridors, respectively.

And We Want YOUR Vote on Movies!

This year, Parks and Recreation is letting YOU decide which movies will be shown at Movies in the Park.

[Please click here to let us know which movies you want to see this summer.](#)

This poll will stay open until June 14.

Public Works Construction Updates for May 24 - 31, 2019

Costea Estates

Contractors began installing storm drain pipes along 248th Ave. NE and SE 24th Street. The work will begin along SE 24th Street and then proceed to 248th Ave SE. During this work the roadway will be closed down to one lane of traffic between the hours of 7:00 am and 4:00 pm. This work is expected to last three weeks.

Sammamish Plateau Water and Sewer ULID Project

Sammamish Plateau Water and Sewer is currently working on a sanitary sewer project just off SE 18th and East Beaver Lake Road. Work is finishing up, with patching expected next

week.

SE 4th Street Improvements

The City is making improvements to SE 4th Street from 228th to 218th. Improvements include sidewalks, bike lanes, street lighting, landscaping, roundabouts, and sewer and water main upgrades. We anticipate this project will last through Spring of 2020. The road is now open to traffic, but there will be times where only one lane is open (controlled by flaggers) between the hours of 7:00 am and 5:00 pm. Please consider alternate routes for your travel plans.

The Issaquah-Fall City Road Project

Bids were received for this project on Thursday, May 23. The construction award will be presented to the City Council under the consent agenda during the June 4 Council meeting. We're hoping to have a groundbreaking ceremony in the beginning part of June, an informative open house to discuss construction at the end of June, with the project construction to follow!

The Last Word

The City of Sammamish currently has several job openings for people with a variety of skill levels.

Now, perhaps your knowledge of what it's like to work in local government begins and ends with what you've seen on the TV show *Parks and Recreation*...but the real work is much more than that...and has a lot of benefits; for instance:

- **You Can Make a Difference in Your Community**
- **You Get to See the Results of Your Work**
- **You Meet People You Might Never Otherwise Meet**

Sure, some of those people might be, as Leslie Knope would say, "caring loudly" at a public meeting...but that's better than people not caring at all.

Whether you're a recent graduate or an experienced professional, working for the City of Sammamish offers the chance to turn your local pride into tangible changes—and to gather

more than a few good stories along the way. Take a look at our current openings: <https://apply.govjobstoday.com/>
