On the cover
Photo Contest Winner Bio - My name is Ye Yuan. My family of three including me, my wife and our son moved to Brookshire community at Klahanie, Sammamish from Issaquah at 2011, and have been living here since. We visit parks in Sammamish quite often because they’re conveniently located around the area, providing variety of tranquil nature escapes. There are so many options for both kids and adults. We can take an easy hike in the forest trail breathing the fresh air, or walk by the lake enjoying the view, or simply let kids have a play date at playground. We feel we’re blessed living in Sammamish so close to the mountains, forest and lakes.
Promote Your Business while Supporting Community Building

The City of Sammamish hosts 20 events annually with approximately 28,000 in attendance. These events are advertised through the City E-Newsletter and website, the Park Department’s Recreation Guide and Facebook page, Sammamish-based newspapers, and event posters. When you sponsor a City of Sammamish event, you have direct access to event attendees, and with additional media coverage and event marketing, this reach goes up astronomically! No matter what your business or budget, there is a sponsorship opportunity that will help promote your business and help you build stronger community connections.

Sponsorship Opportunities for Following Events:

- Earth Day – Apr.
- Rig-A-Palooza – May
- Scooter Competition – June
- Fourth on the Plateau – July
- KidsFirst! – July-Aug

Galaxy Digital
https://sammamish.galaxydigital.com

Galaxy Digital is a mobile-friendly volunteer management software for organizations of all sizes. It’s the single best tool for promoting, managing, engaging and reporting an organization’s volunteerism and community impact. Our goal for the software is to provide a one-stop-shop for the public to find volunteer opportunities throughout the community and give a platform for organizations to recruit, post events and track hours for their organizations.

Give back to your community and volunteer with the City of Sammamish!

Every month, the City offers several opportunities to get involved. Help out at City special events or get your hands dirty working in a park pulling weeds or building trails. Check out our Volunteer Page under the Community Involvement tab on our City website for upcoming opportunities.

Plant Stewards

Our Plant Stewards go through the Washington Native Plant Society’s Native Plant Stewardship Program, where they learn about Puget Sound ecology, restoration, urban forestry and are trained in native plant identification and invasive plant management. Upon completion of this program, Stewards volunteer their time developing and executing a restoration project in one of our parks. In previous years, Plant Stewards developed a native plant garden in Lower Commons Park, worked on wetland restoration at Illahee Trail, and are currently leading volunteer restoration projects in Ebright Creek Park.

Vendor Opportunities

The City of Sammamish hosts 3 events annually that are large enough to host multiple vendors. The events are advertised in the City E-Newsletter and website, the Park Department’s Recreation Guide and Facebook page, Sammamish-based newspapers and event posters. When you are a vendor at City of Sammamish events, you have direct access to event attendees and may be included in some of our marketing materials.

For more information, https://www.sammamish.us/parks-recreation-facilities/special-events/

Food and Beverage Vendor Opportunities

The City of Sammamish hosts 5 events annually with approximately 20,000 in attendance which is a great opportunity to sell food and beverages. The events are advertised in the City E-Newsletter and website, the Park Department’s Recreation Guide and Facebook page, Sammamish-based newspapers and event posters. When you are a food and beverage vendor at City of Sammamish events, you have direct access to event attendees and may be included in some of our marketing materials.

For more information, https://www.sammamish.us/parks-recreation-facilities/special-events/

Trail Stewards

After training with Washington Trails Association, Trail Stewards volunteer their time building trails and leading volunteer projects for the City. Trail Stewards have helped build trails and trail structures in Evans Creek Preserve, Big Rock Park, Beaver Lake Preserve, and Soaring Eagle Park. Keep an eye on our Volunteer Page for opportunities to help Trail Stewards with trail projects.

Adopt-A-Road

We have more than 30 organizations that have adopted roads in our community! These groups pick up litter along our streets, helping to keep our streets clean and improve the environment. All streets are currently adopted, but groups can add themselves to our Adopt-A-Road waitlist on our City website, under the Community Involvement tab.

Storm Water Stewards

The storm water stewards are working to turn storm water ponds into more ecologically-friendly ponds by planting native trees and shrubs that benefit water quality and provide habitat for Sammamish wildlife.

Get Involved!

As an Individual: Check out upcoming projects or sign up for e-mail alerts on our Volunteer Page at www.sammamish.galaxydigital.com.

As a Group: If your group or organization would like to volunteer, please contact volunteer@sammamish.us or call 425-295-0500 to set up a group volunteer opportunity.

Parks Planning

Over the past year, the City of Sammamish Parks & Recreation Department has been working on the design and implementation of the Park Systemwide Wayfinding Program. This program focuses on vehicular directional signage that will guide users to City parks and preserves, a priority identified in the 2018 Parks, Recreation and Open Space Plan. This project will be completed in phases, beginning with the installation of vehicular wayfinding signs to three parks: Pine Lake Park, Beaver Lake Park, and Beaver Lake Preserve. Installation of this first phase is now complete. Keep an eye out for these new park signs as you drive around the City!

For more information, please visit http://www.sammamish.us/pswp or contact Becky Smith, Associate Park Planner at rsmith@sammamish.us.
Utility Box Wraps

The Sammamish Arts Commission is researching and designing historical traffic signal utility box wraps to be installed in Sammamish where various traffic signals exist, as shown on the map below. The wraps will depict what historically happened at that precise geographic location, focusing on a time frame of about 1880 to the present.

For a Sammamish history lesson of those installed, take a walk and a glimpse. On your smart phone, access your bar code reader app to scan affixed bar codes and be entertained with further information and sound effects.

(1) East Lake Sammamish Parkway NE and Louis Thompson Road

(2) Inglewood Hill Road/NE 8th/228th

(3) 228th and SE 4th Street

(4) 228th and SE 24th Street

If you have access to historical pictures focusing on the locations proposed (blue sunbursts on map), your photos are encouraged and welcomed. Please send them to Arts Commissioner Claradell Shedd at cshed@sammamish.us
Human Services

The City of Sammamish aims to ensure that all its residents can receive needed human services. To do that, Sammamish uses some of its local tax money to fund specific programs, all of them carefully selected through a competitive process. These city-supported programs offer services that are affordable (low cost, adjusted according to income, or free) and accessible. Programs typically receive support from the city for two calendar years. Every even numbered year the City accepts proposals from non-profit agencies seeking funding support in the next biennial budget.

Contact Rita Badh, Community Services Coordinator, at 425-295-0579 or rbadh@sammamish.us if you have any questions.
The City of Sammamish has a unique approach to providing recreation programs and services that is based on partnerships and agreements with other community-based recreation providers or through contract with other independent instructors for services. The City relies on other providers for most of its recreation services. The following is a list of the primary providers of these services:
