

HEALTHY TREE REMOVAL PERMIT APPLICATION

ABOUT HEALTHY TREE REMOVAL PERMIT

For existing single-family residential properties and existing commercial properties, a permit is required to remove a healthy significant tree. This includes pruning that removes more than one-third of the existing branches.

The number of trees allowed to be removed depends on the property's zoning, the presence of critical areas, the lot size, and the number of trees previously removed. For more information visit www.sammamish.us/trees.

HOW TO DETERMINE IF A TREE IS SIGNIFICANT

A significant tree is one that is in healthy condition, is a noninvasive species, and has a DBH per the below table.

TREE TYPE	SIGNIFICANT TREE DBH
Coniferous	8 or more inches
Deciduous	12 or more inches

APPLICATION REVIEW PROCESS

The application will be reviewed after submittal and applicants will be contacted if more information or corrections are needed. Once approved, a permit will be issued. Please see MyBuildingPermit.com for current processing times.

FEEES

FEES APPLICABLE TO THIS PROJECT	
NUMBER OF TREES BEING REMOVED	FEE
1-3	None
4 or more	\$64

Additional hourly fees may apply if the permit is related to a code violation or the site is in a critical area or buffer.
