ABOUT AFFIDAVIT OF IMPACT FEE DEFERRAL

[SMC 21.06.045.I](#) states that according to [RCW 82.02.050](#), the City must provide an impact fee deferral process for single-family residential construction, in order to promote economic recovery in the construction industry.

The purpose of this affidavit is to document conformance to the state and local requirements.

The term of an impact fee deferral may not exceed 18 months from the date the building permit is issued. If payment of the deferred impact fees does not occur prior to the expiration of the term, then full payment of the impact fees is due on the last date of the deferral term, in accordance with [SMC 21.06.045.I](#).

Any deferral requires a deferred impact fee lien, in an amount equal to the impact fees as determined under [SMC 21.06.045.I.6](#), against the property in favor of the City, in accordance with the requirements of RCW 82.02.0503.c.
