Executive Summary

Economy: The Conference Board Consumer Confidence Index declined again in September following decreases in both July and August. The drop is attributed to the continued spread of the Delta variant and concerns about the state of the economy. Inflation is still a concern with the national CPI-U index reporting a 5.4% increase in the 12 months ended in July and the Seattle average recording a 5.5% increase in the 12 months that ended in June. Economic advisors have mixed thoughts regarding the longevity of the current inflation levels. Washington State's unemployment dropped to 5.0% in July from 5.2% in June and the national unemployment rate fell to 5.2% in August from 5.4% in July. Seattle-area home prices continue to increase rapidly with low inventory and strong demand leading to multiple offers on homes with price escalations. According to the Case-Shiller, not seasonally adjusted index, Seattle area home prices took the biggest 12-month jump ever, climbing 25.5% year-over-year in July.

Revenues: Total revenues through September are approximately \$2.1 million higher in 2021 than for the same period in 2020 with larger variances explained below:

- Taxes in total are \$5.7 million higher through September 2021 than 2020. Large variances by type of tax are outlined below:
 - *Property taxes are \$1.2 million higher through September of 2021 than they were last year through the same period. This 7% increase is a result of taking half of the banked capacity, the 1% allowable increase for 2021 and taxes from new construction. The majority of these taxes typically come in the April/May and October/November timeframe, YTD 56% of the annual budget has been collected.
 - *Sales taxes are approximately \$0.9 million higher, or 23% through September of 2021 compared to 2020. This is due to increases in all categories of sales, especially online retail, construction and services categories.
 - *Real Estate Excise Tax revenue through August is higher by \$3.2 million compared to September of 2020 due to a 31% increase in the median price of homes sold and a 28% increase in the number of homes sold (1,181 versus 924).
- Charges for Goods & Services are lower than 2020 levels by more than \$700,000. These revenues are primarily lower this year due to receiving more than \$900,000 less in impact and mitigation fees in 2021 and \$200,000 less in plan check fees. These have been partially offset by higher field use and surface water fees.
- Miscellaneous revenues are lower primarily due to receiving less interest income. This decrease in interest income is due to lower interest rates, lower invested balances and having fewer investments maturing this year.

Expenditures: Total expenditures through September of 2021 are approximately \$13.6 million lower than they were through September of 2020. Personnel costs are close to \$1.0 million higher than last year at this time, due to step increases, fewer vacancies and the temporary addition of some limited term employees. The amount paid on the police and fire contracts is higher than last year due to the timing of paying on the fire contract. Capital spending is down year over year primarily due to greater spending on the George Davis Creek, SE 4th Street, and Issaquah Fall City Road projects in 2020. Additionally, only 10% of the Parks Capital budget and 9% of the Surface Water budget have been spent YTD.

Combined Total: For the first nine months of the year, for all funds, the City's total revenues were \$2.7 million higher than total expenditures.

Subsequent annexations added a share of the liability for a 2001 King County bond issue to the newly annexed Sammamish residents. These debt payments are made by the City from the Surface Water Capital Fund (438).
