

Right-of-Way (ROW) Permits

Certification Form

801 228th Ave NE

Sammamish, WA 98075

425-295-0500 | www.sammamish.us

This form applies to any construction work in the public right of way, which generally applies to CONSTRUCTION AND UTILITY ROW PERMITS.

If work included in an issued ROW permit involves alterations or improvements to public infrastructure in the ROW, such as sidewalks or streets, this form must be completed. Performance bonds cannot be released or revised until this form is signed by both the applicant and the City inspector.

By signing this form, the applicant certifies that:

- (a) Improvements are completed per approved permits.
- (b) All improvements are built in compliance with City of Sammamish code and regulations and federal or state laws. The applicant bears the sole responsibility for removing improvements in violation of City of Sammamish code and regulations, federal or state laws.
- (c) A professional civil engineer or land surveyor licensed in the State of Washington completes and signs the ADA Compliance Form for all pedestrian facilities built in the public right-of-way and public access easement, e.g., sidewalks and curb ramps. Once construction is complete, the licensed professional either performs the survey or supervises the survey of all the constructed pedestrian facilities and verifies the ADA compliance of those facilities. The ADA post construction survey is accepted by the Development Review Engineer and is responsible in determining whether the ADA post construction survey is acceptable and the completed ADA compliance form is consistent with the approved permitted design.
- (d) As-built was prepared by a licensed professional land surveyor and submitted and accepted by the Development Review Engineer.
- (e) CCTV Pipe Inspection Video of drainage systems installed as part of the overall project including all public systems both in existing right-of-way and proposed right-of-way or easements.
- (f) If a partial refund from the bond will be requested, a new bond quantity worksheet will be required that includes all items that have not been constructed. The revised financial guarantee reflecting the higher value of the following two:
 - a. 30 percent of the original bond
 - b. The revised bond quantity
