

**STATE ENVIRONMENTAL POLICY ACT (SEPA)  
DETERMINATION OF NON-SIGNIFICANCE (DNS)**  
SDT2023-00816 Parks, Recreation, and Open Space (PROS) Plan

**Date of Issuance:** November 22, 2023

**Project Description:** The City of Sammamish 2024 Parks, Recreation, and Open Space (PROS) Plan is an update to the 2018 PROS Plan and incorporates the feedback from an extensive community engagement process conducted in 2023. The PROS Plan gives an overview of the City's park system planning, a current inventory of park facilities, analysis of current recreation and maintenance efforts, and an assessment of their existing conditions. The plan identifies benefits of the parks system; lists park goals, objectives, and policies; and proposes a six-year schedule of park projects involving planning, design, implementation, and renovations. The purpose of the plan is to identify a park system throughout Sammamish that addressed citizen needs, interests, and environmental concerns.

**Applicant/Proponent:** Shelby Perrault, Parks Project Manager

**Project Location:** Entire jurisdictional boundary of the City of Sammamish

**Lead Agency:** City of Sammamish, Department of Community Development

**Online Documents:** <https://spaces.hightail.com/space/IIBZdkaev9>

The lead agency for this proposal has determined that it does not have a probably significant adverse impact on the environment, in that the Parks, Recreation, and Open Space (PROS) Plan by itself does not authorize projects to move forward, nor does it provide funding for any projects on the list. Funding occurs for individual projects and programs that are approved and funded through the City's biennial budget process. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of the completed environmental checklist on file with the lead agency. This information is available at the website listed above, as well as upon request.

The DNS is issued in accordance with WAC 197-11-340(2). The lead agency will not act on this propose for 14 days from the date listed below. Comments must be submitted in writing and received by the deadline described below. Pursuant to SMC 21.09.030(L)(1)(d), there is no administrative appeal process for this action.
